

**Create Instant Visual Privacy** 

## **Space Makers**

Our Space Maker collection focuses on providing privacy, sound dampening, and safe division of open space. Born out of necessity as we returned to work following the COVID-19 pandemic, we designed products that can quickly renovate an existing office space in an efficient, lightweight, and colorful way. The baseline of the collection is PET felt, which acts as a sound dampener, pin board, and fully cleanable surface, and is available in 20 colors or a custom print.

Designed and built in Portland, Oregon.

### **The Collection**

< Single Panel

**Double Panel** 

< Desk Wrap
